

Dear Friends,

I am so pleased to announce that Well Done Cleaning Services is now able to offer you professional and affordable **carpet cleaning** services! After months of research, we've finally chosen a carpet cleaning method that really works well, and can be done at the same time that our staff normally comes out to your home. Really! You don't even need to schedule any extra time.

Admittedly, I'm a little more excited about this than most people, but once you see the difference that a really wonderful carpet cleaning can do, you'll be just as excited. We were very careful to select a cleaning process that measures up to our high standards; this method actually *doubles* the cleaning power to your rugs and carpets, when compared to what other companies are offering. Again, this probably excites me more than you, but once the spring comes, you're going to want your home to be as bright and sparkly as possible...we'll do all that for you and more!

Of course, this good news would not be complete if I didn't have generous discounts to offer – I do! Give me a call at your convenience and I'll quickly cover the package that best suits you and your space.

Other exciting additions for the New Year include upholstery cleaning, as well as cleaning and restoration after emergencies, such as floods. Our cleaning experts are ready to tackle anything!

Call me personally and I'll be happy to answer all your questions and get your carpet cleaning on the books. I'm so grateful to each and every client that has helped make Well Done Cleaning Services a success and look forward to working with you in years to come!

Very cordially,
